**HAMMERS - INSERTED FACE**

**THOR HAMMER Thorace Dead Blow Hammers**

Hollow die cast head partially filled with steel shot, which adds to the weight of the impact and prevents rebound, delivering a dead blow. The handle is manufactured from aluminium alloy with a shock absorbent non-slip rubber grip.

Supplied with two screw in replaceable white nylon faces.

**Spare Striking Faces**

For the Thorex nylon faced and Thorace hammers. Easy to change, simply screw in. The striking faces are colour coded to allow easy identification of material type and hardness.

**Grey:** Soft PVC shore A63-73. Will not mark finished surfaces.

**Red:** Polyurethane medium plastic shore D45-55. For light hammering applications.

**Brown:** Tough polyurethane shore D58-62. Abrasive resistant suitable for striking sharp surfaces.

**White:** Hard nylon shore D61-65. All purpose face suitable for light and heavy duty applications.

**Yellow:** ABS extra hard rockwell R103. For specialist applications.

**KENNEDY PROFESSIONAL Nylon Faced Safe Blow Hammers**

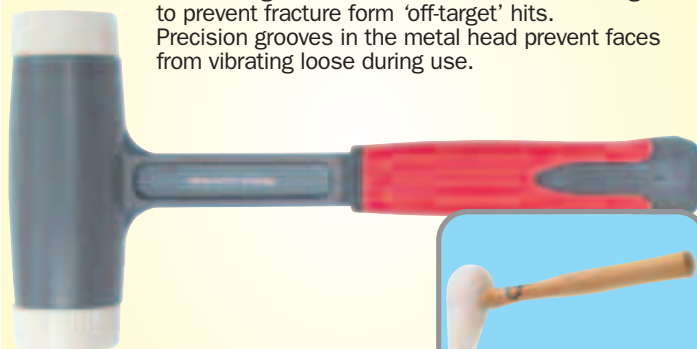

Hard nylon faced hammer with 2 screw-on all purpose striking faces which can easily be replaced manually without the use of any other tools - minimising downtime.

Hollow chrome plated zinc head partially filled with steel pellets which impact a split second after the hammer face, reducing rebound, fitted with a fully moulded polypropylene shaft with soft feel dual material grip. There are no metal parts in the striking faces which could mar the workpiece as the head wears down.

The striking faces are reinforced for extra strength and to prevent fracture from 'off-target' hits.

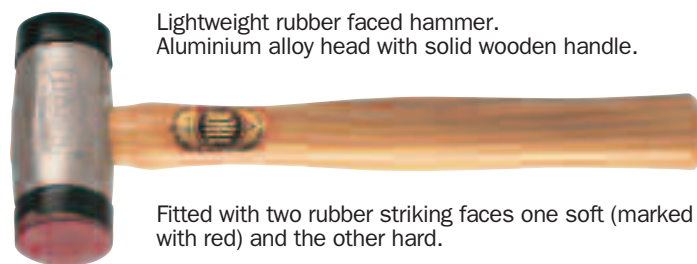

Precision grooves in the metal head prevent faces from vibrating loose during use.

See Page **908**
